

THE CONTEXT WE FACE

CITIES ARE FACING SEVERE MOBILITY CHALLENGES

An aerial photograph of a city street scene. A green bridge with a pedestrian walkway and a white truck is visible. Below the bridge is a public square with a large set of wooden steps where many people are sitting and walking. The square is surrounded by tall buildings. The text "OUR MISSION" is overlaid in the top left corner.

OUR MISSION

**RETURNING CITIES TO THE PEOPLE
WHILE DEMOCRATIZING MOBILITY**

An aerial photograph of a city street and waterfront. The street is a multi-lane highway with a curved section. To the left of the street are modern buildings, including a large one with a distinctive zigzag facade. To the right of the street is a waterfront area with a sandy beach, some small structures, and a large area of stacked lumber or construction materials. The water is visible in the bottom right corner.

LEGAL FOUNDATION

REIMAGINING URBAN MOBILITY AND JOINTLY SHAPING THE LEGAL FRAMEWORK
